

# TWINKLE TWINKLE LITTLE STAR

## Pretty Little Anya's Tale Of Success

How confident are you? To speak, act or dance in front of a group of people? Let's add a few cameras as well. Would you still stand straight and deliver flawlessly? Probably not! You would dissolve into a puddle of sweat and embarrassment, and that's fine because a lot of people would do the same. Then there are some like **Anya Dube**, a student of **Amity International School, Noida**. Get the cameras rolling and Anya is perhaps the best child model you have ever seen. And mind you, this impeccable display of talent, when she is still learning the alphabet as a student of Class I. Yes, you read that right and you need to continue reading to know more about this bundle of talent.

### STARTING YOUNG

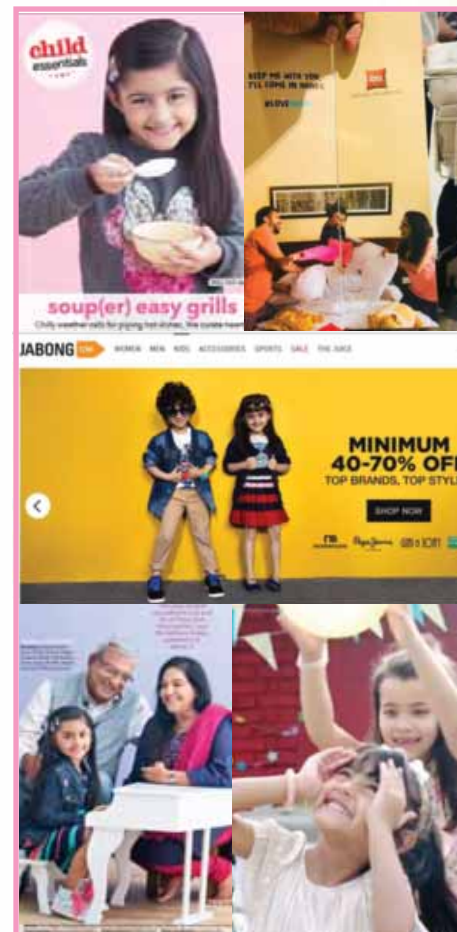

Some start young, and then there are some who start younger; speaking of which how young does three years-old sound? That was Anya's age when she started her journey to stardom with a calendar shoot. The young star shone bright and soon had a string of projects in kitty including retail giants like Fashion at Big Bazaar (FBB) and Jabong (a well-known online shopping site), a photo-shoot for the magazine 'Child 2018', along

with numerous television advertisements for kids apparel and clothing. She also did a shoot for the IBIS group of hotels and 'Images Bazaar'. So, if you see this little star on a hoarding anytime soon, don't be surprised.

### STARTING RIGHT

Those who start young, learn the values of hard work and balance, pretty much early on. Young Anya is no different. Other than her modelling career, she actively participates in various extra curriculums in school along with focusing on her academics. Great monuments are only built on strong foundations, and for Anya the foundation has been laid by her mentors, parents and teachers, constantly offering support. "Her school and teachers have been extremely supportive," says Anya's mother. She adds, "Anya has gained a lot of confidence ever since she started modelling. She was always a shy kid, but now she has started talking and opening up."

Having started very early and still being only 5 years old, Anya has no plans about where to go next but if she continues being this good at what only a few people can manage to pull off, it is only a matter of time before she

At the young age of five, Anya is a model for retail giants like FBB, Jabong and more.

makes it big in the industry and prove herself in the market. Until then, it's all about hard work and determination. Here's to a bright future for our little star Anya.

# The best day of my life

## How I Met My Furry, Four Legged Best Friend!

Mayank Verma, AIS Gur 46, V I

Dear Diary,

Today, I want to pen down something special that happened with me. I am as eager as ever to tell you and also hope that you are all ears to my story.

You know how it has been raining cats and dogs since the past few days. The parking lots, lawns, lanes, etc. had been logged so much with water that it was getting tough for us to even walk, let alone play. So, mom would not let me go out with my friends. It made me sad and I stood there on the balcony, waiting for rain to stop. But it just wouldn't! Then I suddenly heard some squeaky sounds, it was almost like someone was crying. I tried to see if there was anyone, but saw nobody. Suddenly, I noticed an adorable little puppy. He was the cutest thing I had ever seen. Then I spotted another one. Both of them seemed lost in that pool of water, and were almost on the verge of drowning. Without a second thought, I ran downstairs to their rescue. I saw that they had managed to take refuge beneath my dad's car, which however, wasn't helping them. The poor puppies seemed to be crying. I

took them to the basement and made a shelter for them using cardboard, some old clothes and bricks with the help of my mom and friends. I wrapped them up in clothes to save them from the frigid weather. I could tell how cold they were by their shivering bodies.

Once the puppies were a little warm, I went to mom, asking if she could give me some food for them. My mom happily agreed and gave me warm milk in a bowl and some biscuits. I took it to the pups, who happily lapped them up. They must have been so hungry.

As I sat there looking at them, I felt content.

Mom always asks me to do good things and I had just done something nice. Today was one of the best days of my life. Also, I am planning to adopt one of the puppies and my best friend is willing to adopt the other one. We will take care of them with all our hearts. We love them already! I think this should be enough for today. Hope you enjoyed listening to my latest adventure. Will see you tomorrow, good night diary! 🐾

P.S. This is an account based on true incidents.

## GT Travels to Rome

Sharanya Sinha, AIS Noida, KG F poses with her copy of The Global Times in front of the Roman Colosseum, Rome, Italy. Measuring 620 by 513 feet, the Colosseum was the largest amphitheater in the Roman world, commissioned around A.D. 70-72 by Emperor Vespasian of the Flavian dynasty as a gift to Roman people. It is one of the seven wonders of the world.
